

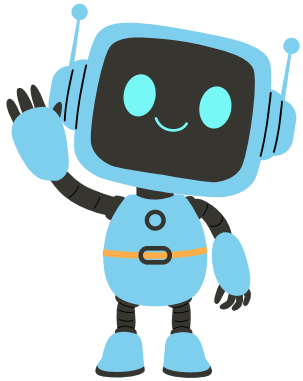
JANNEY+ ENRICHMENT PROGRAM

WINTER 2027 SESSION

JANUARY 4, 2027-MAR 19, 2027



Janney+ Staff

Madison Dalton, Enrichment Director
enrichment@janneyschool.org

Lauren Lynn, Deputy Director
plused@janneyschool.org

Registration Opens Monday, November 16 at 8:00 pm at janneyplus.campmanagement.com

WELCOME TO THE WINTER 2027 ENRICHMENT SESSION!

The Janney+ Enrichment Program offers a wide array of classes for students in PK through 5th grade. We aim to offer opportunities for students of different ages and interests. If you think an after-school activity would be fun for your child, please look through these classes with them to see if they are interested in any offerings.

WINTER 2026 SESSION SCHEDULE

The session will run from January 4th to March 19th, with a makeup week for any missed classes from March 29th through April 2.

Heads up! Spring Break is March 22nd-26th.

MONDAY (9 WEEKS): NO CLASS ON 1/18, 2/15

TUESDAY (10 WEEKS): NO CLASS ON 1/26

WEDNESDAY (11 WEEKS): NO MISSING CLASSES

THURSDAY (10 WEEKS): NO CLASS ON 2/11

FRIDAY (10 WEEKS): NO CLASS ON 2/12

Enrichment attempts to make up all classes missed due to inclement weather and other unforeseen events, but we cannot guarantee being able to make up all classes. There may be some changes in the online catalog due to cancellations, additional offerings, or scheduling rearrangements.

ENRICHMENT POLICIES

Registration for enrichment classes will open at **8:00 pm on Monday, November 16th** and take place through the Parent Dashboard on CampSite: **janneyplus.campmanagement.com**

If you have any registration concerns, reach out to Madison at enrichment@janneyschool.org!

For all classes, registrations are accepted on a first-come, first-served basis. Classes are subject to minimum and maximum enrollments, so early registration is strongly encouraged. Once a class is filled, registrants will be placed on a waitlist. If space in the class becomes available, registrants will be notified by email and should confirm their intent to enroll in the class. If no response is received by the requested time, the space will be offered to the next person on the waitlist.

PAYMENT

Payment for all Winter session classes will be done in 2 installments. 50% of the class costs will be due at the time of registration. The remaining cost of programming will be placed on a payment plan and pushed on Tuesday, February 16.

PROGRAM INFORMATION

TUITION ASSISTANCE

Tuition assistance is available for families with financial need. If interested, families should email **plused@janneyschool.org** with any requests.

ENRICHMENT SCHEDULE

Enrichment classes are one hour long and take place once a week from 3:30-4:30pm. Students are transitioned to the enrichment check-in area by their teacher at dismissal and eat a snack during check-in. Enrichment dismissal takes place in the gym at 4:30pm. Students who are enrolled in JAC the afternoon of their enrichment class will be transitioned to meet their JAC group and all other students will wait to be signed out by their adult. All individuals listed as parents on their family's CampSite profile automatically have a dismissal PIN that they will use to sign their students out. Parents can add other adults as authorized pickups on CampSite; these individuals will receive their own PIN to use at checkout.

SCHOOL CLOSURES

If school is cancelled due to inclement weather, enrichment classes will not be held.

REFUND AND CANCELLATION POLICY

Enrichment reserves the right to cancel classes due to insufficient enrollment. In the event of a cancellation, the Enrichment director will notify families near the end of the enrollment window (December 3). Parents will have the option to receive a full refund or transfer into another class with openings.

Credits are given for registrations canceled before the second class meeting of the session. This credit amount is the total class tuition minus a 20% nonrefundable deposit and a $25 cancellation fee. Unenrollments after the second class meeting will not be refunded.
Requests to transfer to a different enrichment class must be made before the second class meeting.

MAKEUP CLASSES

All classes have one makeup class built into the week of March 29-April 2nd (after we get back from Spring Break) in case the class has to be cancelled for one week. Makeup classes take place on the same day of the week that the class was held. Families will be contacted before the makeup class to remind them.

SCHEDULE OVERVIEW

	Monday	Tuesday	Wednesday	Thursday	Friday
Sports	Floor Hockey (K-2)		Fitness Club (2-5)	Gymnastics (PreK/K)	
STEM + Humanities	Amusement Park Engineering (1-3) Hot Wheels (PreK/K) Build a Better World Engineering Club (2-5)	Beginner Debate (3-5) Robot Inventors (3-5) Money Moves (1-2)	Advanced Debate (3-5) Money Makers Jr. (PreK/K)	Gadgets and Gizmos (PreK/K) Jr. Math League (1-2) Chess (1-3) My 1st Hot Cocoa Stand (1-2nd)	Lil Mini Science (Pk/K) Reaction Lab (1-5) Construction Craze (PreK/K) Robot Builders (1-2) Math Challenge Club (4-5)
Creative Arts	Pop Star Boot Camp (1-3) Story Book Artists (PreK/K)	Mini Musical Theatre (PreK/K) Let's Paint (PreK/K) Violin (K-3) Glass Art (2-5)	Crafties Club (PreK/K) Intro to Musical Theatre (1-2) Graphic Novel Club (3-5) Fashion Design (1-5) Drawing Studio (1-3)	Advanced Art Inspired by Artists (3-5) Sewing (1-3)	Janney Night Live! (3-5) STEM Art (2-5)
Annual (Sign up is closed)	Curious Minds Lab (2-5)	Tae Kwon Do (K-4)	Flute and Violin (K-2)	Musical Theatre (3-5) Backstage Builders (3-5)	Gymnastics (K-2)

MONDAY CLASSES

Floor Hockey - Active Play

Grades K-2 $355

Get ready for some action-packed fun with our Floor Hockey After School Program! Designed for children ages 5 to 8, this program introduces them to the exciting world of street hockey in a safe, supportive environment. No skates needed—bring your sneakers!

Story Book Artists - Robyn Nelson

Grades PK-K $350

Does your student love a good book? Not to mention a creative craft?! This course is made for you! Each week, students will participate in an active read-aloud, followed by an extension art project. Expect to be greeted at pick-up with a new creation in hand!

Build a Better World: Engineering Club! - Science Guys

Grades 2-5 $340

Young aspiring engineers and problem solvers are invited to join us for a hands-on journey into the world of building. Students will tackle real-world challenges, build impressive structures, and unleash their imaginations through engineering projects. From constructing bridges and launching rockets to exploring robots, our experienced instructors will nurture a passion for innovation and teamwork. Join us to build engineering marvels, friendship, and fun as we inspire the next generation of inventors!

Amusement Park Engineering - Bricks 4 Kidz

Grades 1-3 $340

In Amusement Park Engineering, students will build motorized LEGO amusement park rides like spinning rides, swing rides, Ferris wheels, and carnival-style attractions while learning simple engineering concepts.

Hot Wheels - Active Play

Grades PK-K $355

Get ready to race, build, and explore! Students will enjoy hands-on Hot Wheels activities while developing creativity, problem-solving, and early STEM skills. Through fun races, track building, and imaginative play, little learners will explore speed, motion, design, and teamwork—all while having a wheelie good time

Popstar Bootcamp - Musicfully

Grades 1-3 $375

Get ready to shine in the spotlight! In Popstar Bootcamp, students will sing, dance, and perform like their favorite stars. This high-energy after school class builds confidence, stage presence, and teamwork as kids learn fun choreography, vocal techniques, and create their own mini pop performance. Bring your star power and get ready to rock!

TUESDAY CLASSES

Mini-Musical Theatre-Musicfully

Grades PK-K $415

Step into a world of magic and enchantment in this spellbinding musical theatre adventure! Cast members will be guided by our expert faculty as they explore singing, dancing, and acting inspired by witches, wizards, magical creatures, and enchanted tales. Each week builds toward a magical final performance filled with wonder, imagination, and theatrical fun. Grab your wand and showcase your magic on stage!

Beginner Debate-Spark Business

Grades 3-5 $415

Learn the art of persuasion! Students work in rotating groups and practice their debating skills in a supportive environment, including developing arguments, issuing rebuttals, providing examples, rebuilding their case, and summarizing points of view. Students learn to think on their feet and enhance their public-speaking skills, gaining self-confidence in the process.

Robot Inventors-Brooklyn Robot Foundry

Grades 3-5 $415

Robot Inventors classes for 3rd - 5th graders introduce more challenging projects as patience and fine motor skills strengthen. The opportunity for creativity becomes even greater, as students are encouraged to experiment and tap into their imaginations while designing their robots each week

Let's Paint! - Oda Solms

Grades PK-K $385

In this creative class, students will draw and paint new artwork each week. Using watercolor and acrylic, we will create vibrant paintings of animals, flowers, cityscpes, and more. Students will learn a bit about color theory and various painting techniques along the way.

Beginner Violin- A Tempo Music Academy

Grades K-3 $405

A wonderful introduction to the world of string instruments! Students will explore the violin through hands-on learning, fun songs, and group activities. The program focuses on developing basic playing techniques, musical listening, coordination, and confidence while enjoying the experience of making music together.

Money Moves-InvestiKids

Grades 1-2 $385

Kids become creators, shop owners, customers, and problem-solvers in this interactive class. Through games, team challenges, mini businesses, and hands-on activities, students explore how money moves and how people make choices with it. Along the way, they practice earning, saving, spending, investing, giving, and planning in a fun and active environment

Glass Art-Lori Millstein

Grades 2-5 $385

Your child will create a variety of art projects from functional to fantastic! Students will learn fused glass design and construction, making art that will be kiln-fired. Glass projects may include treasure boxes, jewelry, mini houses, mirrors, animal art, and tiles. Artists who have taken this class before will learn new techniques and do several new projects. The focus will be on creativity and fun!

WEDNESDAY CLASSES

Crafties Club-Artistocrafts

Grades PK-K $455

In our Arts and Crafts class, we foster creativity and imagination through various hands-on projects. Our class aims to introduce students to different art techniques and materials while encouraging artistic exploration with mediums including macrame wall decor, tassel garland, air balloon paper lantern, clay planter, DIY chalk, piñata, and more.

Graphic Novel Club-Amore Learning

Grades 3-5 $455

Whether or not your child is an avid graphic novel enthusiast, they are sure to become one in this fun, imaginative, and confidence-building course! We will create characters and plots, and use them to write stories and even chapter books. We have found that exploring the world of graphic novels has helped even the most reluctant writers to embrace the writing process. The individualized skills we teach allow writers of all skill levels to come up with an idea, put pen to paper, and feel great while doing so!

Fitness Club-Luke Kovacs

Grades 2-5 $410

Fitness Club is an energetic, confidence-boosting program designed just for 2nd–5th graders. Each session mixes fun running games, light strength training, and teamwork challenges to help kids build healthy habits while having a blast.

Fashion Design-Amore Learning

Grades 1-5 $455

Calling all young creatives, designers, and fashion lovers! In this hands-on course, students will explore the exciting world of fashion while developing their own unique creative vision. They'll create a fashion brand, design a logo, explore the styles and work of influential designers, and develop their own looks and collections. Students will also create lookbooks, develop imaginative advertising campaigns, and explore how fashion can be used to support meaningful causes through charity collaborations. The course will culminate in a special fashion show, where students will showcase their designs and creativity for family and friends!

Money Makers Jr.-Investikids

Grades PK-K $410

How do we buy things at a store? In this playful hands-on class, kids explore how money works through stories, games, art, movement, and imaginative role play. Students will create their own currencies, practice counting and making choices, run mini shops, and explore ideas like earning, spending, saving, sharing, and trading. Through age-appropriate activities and creative play, children build early math, problem-solving, and social skills while becoming more confident with everyday money concepts.

Intro to Musical Theatre-Musicfully

Grades 1-2 $455

This is a great opportunity for students who are interested in trying out Musical Theater but without the full-time commitment of a year-long show. Cast members will be coached and guided by our expert faculty, helping them to develop confidence and stage presence in a welcoming environment. Our students will get the full experience of being in a show: the backstage process, musical numbers with choreography, and scenery. Each week will consist of a Musical Theater concept leading to our final show. It will be the performance of the season. Join us!

Advanced Debate-SPARK Business

Grades 3-5 $455

This class is designed for students who have experience with Debate and are looking for a challenge! Think faster, develop stronger arguments, and master the art of the rebuttal. Build on your existing persuasion skills in a fun and challenging environment!

Drawing Studio -Aristocrafts

Grades 1-3 $435

Our drawing class invites children of all levels to learn to sketch, and bring their ideas to life! From everyday objects and nature to favorite characters, children will explore different drawing techniques and discover how to turn what they see and imagine into their own works of art. A fun, creative class where young artists can build their skills and let their imagination lead the way!

THURSDAY CLASSES

Power Tots Gymnastics-Power Tots

Grades PK-K $385

The Power Tots mission is to consistently provide high-quality gymnastics instruction in a fun, safe, and positive environment right at Janney! Fine and gross motor skills are developed and enhanced, along with the overall physical and emotional well-being of each child. Every child's personal goals will be reached with our teaching belief in the "Power of a Positive Attitude"!

Gadgets and Gizmos - Bricks 4 Kidz

Grades PK-K $375

Students love our interactive Bricks 4 Kidz® models. This unit is all about the fun of doing something with what you've built. From a spinning top to a spin art model, kids will love playing with their creations! But don't worry, we sneak in lots of learning, too – understanding probability in the "3-in-a-row" game model and learning about friction and symmetry with the spinning top lesson. Don't miss out!

Sewing Club-Active Play

Grades 1-3 $395

Young creators will learn the basics of sewing through fun, hands-on projects like making simple pouches, pillows, and felt animals. Students will build fine motor skills and creativity while gaining confidence with needle and thread in a safe, supportive environment.

My First Hot Cocoa Stand - SPARK Business Academy

Grades 1-2 $415

Learn how to make yummy hot cocoa and earn money selling it! A hot cocoa stand is a fun way to introduce our youngest entrepreneurs to the world of business. From designing marketing flyers to estimating profits to experimenting with recipes, students have fun while developing business savvy!

Advanced Art Inspired by Artists - Oda Solms

Grades 3-5 $385

This class is designed for students who have experience with art/painting! Each week, students will learn about a new artist and will create their own artwork in similar styles and techniques. Artists include Picasso, Kandinsky, Mondrian, Basquiat, and O'Keeffe.

Junior Math League-Robyn Nelson

Grades K-2 $385

Looking to get a little extra practice with math skills and concepts? Join the Junior Math League! Students will be introduced to math concepts through fun games and puzzles in a relaxed and low-stress environment. This class is taught by a seasoned Janney Elementary School educator- Robyn Nelson!

Chess- Active Play

Grades 1-3 $395

Students will learn the fundamentals of chess while developing critical thinking, problem-solving, patience, and good sportsmanship. Through fun, engaging lessons and hands-on games, students will explore chess strategies, practice making thoughtful moves, and build confidence as they grow into strategic thinkers!

FRIDAY CLASSES

Lil' Science Lab-Mad Science

Grades PK-K $455

Ignite your little one's natural wonder with the ultimate scientific playground! Packed with our absolute best PreK & Kindergarten workshops, this high-energy program lets curious young minds explore foggy dry ice magic, gooey slime science, fabulous fossils, and fascinating animals. Our dynamic instructors bring every hands-on experiment to life with pure excitement, creating unforgettable moments of discovery crafted specifically for early learners. Your child will be so captivated by the sensory fun and play that they won't even realize they're building foundational science skills. Give your early explorer an extraordinary head start that turns everyday curiosity into a lifelong love of learning

Reaction Lab-Little Reactors

Grades 1-5 $395

Step into the exciting world of chemistry and discover the science behind everyday reactions! In The Reaction Lab, young scientists will become junior chemists as they explore chemical properties, reactions, and the tools scientists use to investigate the world around them. Through hands-on experiments, students will learn. Students will mix, test, observe, and create while learning how chemistry explains everything from glowing liquids to slime and changing materials.

Math Challenge Club-Lida Zlatic

Grades 4-5 $375

Get ready to stretch your brain! In Math Challenge Club, students who love math will explore tricky puzzles, strategy games, and exciting problems that encourage deep thinking and creativity. Each week, students will investigate big mathematical ideas such as fractions, decimals, variables, equations, and patterns while building confidence as problem-solvers. This is not a worksheet class! Students will talk, reason, play, test ideas, and discover new ways to see math. Perfect for students who enjoy a challenge and want to have fun with other kids who love math too!

Construction Craze - Bricks 4 Kidz

Grades PK-K $375

Put on your hard hat and head on over to our construction site! Make your own motorized models of tools of the trade, from a hand-held power drill and power saw to a tough, all-terrain bulldozer and giant dump truck. Would you be surprised to learn that one of these objects has a history stretching from the Stone Age to the Space Age? Build your knowledge of construction at Bricks 4 Kidz®! Dump trucks, jackhammers, drills, power saws... build motorized models of these and other powerful tools and create your own LEGO® construction site. Join us for lots of high-impact learning and fun!

Janney Night Live!-Musicfully

Grades 3-5 $415

Live from Tenleytown, it's Janney Night Live! Join us every week for this afternoon sketch comedy and variety show class. Our young comedians will have the opportunity to brainstorm stories, write skits, practice their comedic timing, and direct their very own sketches to bring their jokes to life. At the end of the program, the class will put on a mini "live show" to share their favorite sketches with family and friends.

Robot Builders- Brooklyn Robot Foundry

Grades 1-2 $415

Brooklyn Robot Foundry offers hands-on robot-building programs for children and adults. These super creative STEAM (Science, Technology, Engineering, Art, Math) programs are engaging, immersive, and tons of fun. Each class features a new whimsical robot that students get to build, decorate, and take home afterward!

STEM Art for Mad Scientists-Lori Millstein

Grades 2-5 $385

Your child will get creative with science and art! Young scientists will do exciting STEAM projects that use science to create art. The class will explore fundamental scientific concepts such as gravity, kinetic movement, energy, and chemistry. Each science project will result in a piece of art made by your child. Students who have taken this class before will do several more advanced experiments and art projects. Let's have fun with science and art!
